AND FURTHER AMEND by deleting Section 2 in its entirety and by adding the following new sections as Sections 2 and 3:

Section 2. Notwithstanding any provision of this chapter to the contrary, a managed care organization may restrict an abusive or heavy utilizer of pharmacy services to a single pharmacy provider for non-emergency services so long as the individual to be restricted has been afforded the opportunity to participate in the process of selection of the pharmacy to be used or has been given the right to change the pharmacy to be used to another participating provider of pharmacy services prior to such restriction becoming effective. After a restriction is effective, the individual so restricted shall have the right to change a pharmacy assignment based on the geographic changes in residence or if the member’s needs cannot be met by the currently assigned pharmacy provider.

Section 3. This act shall take effect upon becoming law, the public welfare requiring it. This act shall apply to contracts entered into or renewed on or after such date.
